Cutting Edge Science Infused in Every Product

DISCOVER PRODUCTS

Product Concept

Our innovation team develops ideas inspired by cutting-edge science and real customer needs

PhD validation

Our team of in-house PhDs ensure all our product claims are backed by the latest peer reviewed academic studies.

Safety Checks

Our products undergo rigorous safety testing to ensure they meet strict regulatory standards.

Road Testing

Every product is personally tested for at least 6 months by our Founders before being approved for launch.

Backed By World-Class Scientific Expertise

At BON CHARGE, science is our foundation. Our Scientific Advisory Board brings together leading experts in circadian biology, dermatology, contrast therapy, performance science, and functional medicine. Their insight guides our innovation, ensuring every product is evidence-led, expertly validated, and designed to support your natural rhythm.
